

PAYING FOR COLLEGE

{YOUR NAME &
LOGO HERE}

High School graduation is right around the corner! But there's a lot to consider. What college are you hoping to attend? How much will it cost? How will you pay for your education? Do you even want to go to college? These decisions can be intimidating but luckily, there are many Banzai resources that can assist you as you make your post-grad plans!

What are your post-high school plans and why?

Answers will vary

What are 3 common expenses to consider when going to college?

Tuition

Room & Board

Miscellaneous

Name 3 alternatives to college:

1. Working Online Training/Certification

2. Trade School Humanitarian Work

3. Join the Military

List 3 ways to pay for college:

1. Scholarships 529 Plan/Savings

2. Grants/FAFSA Income from a Job

3. Student Loans

List one pro and one con about student loans:

PRO: helps cover a portion of college costs

CON: have to pay it back with interest- can become a financial burden later on

Paying for College Resources:

- Cost of College Coach
- The Cost of College Life Article
- Filling Out the FAFSA Coach
- Cost of College Course
- College Budget Breakdown Article

Vocabulary Terms:

FAFSA: an application for financial aid made up of scholarships and grants that the government awards to students based on their financial needs.

Scholarship: a cash award given to help pay for school.

Student Loan: a loan that pays for a portion of your education but will need to be paid back with interest at a later date.

My biggest takeaway:
